# Maritime Activity: Description

- Galicia economic sector pillar;
- Works worldwide;
- The sector is much more than the capture activity;
- Coastal, artisanal fishery is declining;
- Is difficult to find good sailors;
- There is an high investment in the sector with high turnover to society but low to the Port;
- The shipowners also process, commercialize the fishing product;

# Stakeholders' Perspective about MSP

# Suggestions to improve the link between the sector and MSP

---

There is the need to raise awareness on MSP:

- What is it?
- What are the consequences?
- What are the challenges?

The Sector will be affected by planning in other parts of the world
